

Southampton Partnership to REUSE Program

REUSE, REDUCE, REPURPOSE.

Donating items that can be reused and repurposed keeps functional and usable items out of the landfills.

Habitat for Humanity of Long Island has partnered with the Town of Southampton to collect new or slightly used furniture, appliances, kitchen cabinets and building materials from Southampton residents. By donating your unwanted items, you will help Habitat build affordable housing for low-mid income families on Long Island.

PARTNERSHIP TO REUSE
